a
Calibration, out-of-fold deciles
Observed share destroyed
Mean predicted probability
b
Partial dependence, P(destroyed)
Height above channel (m)
c
Partial dependence, P(destroyed)
Distance to channel (m)
d
Partial dependence, P(destroyed)
Distance downstream (km)
e
Partial dependence, P(destroyed)
Valley-floor width <20 m (m)
f
Height above channel (m)
P = 0.5
Distance downstream (km)
P(destroyed)
